

Is your O-ring supplier this clean?

Parco's seals will exceed your cleanliness requirements.

When it comes to producing O-rings for the medical and pharmaceutical industries, cleanliness is critical. Contaminated seals are not an option. That's why we've implemented innovative manufacturing techniques like 5S throughout our plant.

Parco offers seals made from more than 340 compounds, 25 percent introduced in the last 5 years. We have numerous USP Class VI, NSF listed, and FDA conforming compounds.

You can also count on Parco and our network of knowledgeable distributors for the world-class service that has made us the choice of many Fortune 500 companies. If you're looking for O-rings for your medical or pharmaceutical application, give one of our distributors a call.

We deliver.
